**SUMMARY OF RECORD OF INTERVIEW**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

A telephonic interview occurred on August 12, 2010, between Examiner Band and Applicant's representative, Avery Goldstein. No exhibits were shown or demonstrated in the course of the interview. The interview consisted of a discussion of amendments of record as to the specification and drawings. Additionally, claims 1 and 21 were discussed with respect to Tateishi et al. (of record). No agreement was reached in the course of the interview with respect to claim limitations; however, amendments to the specification with the exception of those on page 4 of the specification appear to not be new matter. The interview also included a discussion as to the filing of a declaration in support of the differences in structure and operation between the claimed invention and Tateishi et al. with respect to position and operation of the magnet and the resultant magnetic field lines.

Entry of this summary of record of interview is requested consistent with 37 CFR 1.133 requirements.

Dated: October 20, 2010

Respectfully submitted,
